

Brighton Lite – Indulge yourself

Local players may wish to indulge in one of the Bridge Lite sessions running on Saturdays and Sundays this year during the Brighton Congress 11th -12th August and 18th -19th August. A noon start and an early finish – circa 7.00pm - leaving plenty of time to either go out to dinner or get home at a reasonable time. **And you can still win Green Points!**

On the first weekend (11th and 12th August) we're going to have two one-day Swiss Teams events, comprising six seven-board matches. They will each be run independently of the other, but there will be an extra prize and extra ranking points for the highest scoring team of those who play on both days. Equally there is a discounted rate for entering on both days.

On the second weekend (18th and 19th August) we're running a Stratified Swiss Pairs, meaning that you do not have to win the event, to win extra master points. Two sessions of three seven-board matches on Saturday, one of four seven-board matches on Sunday.
